State Submission: About

INTRODUCTION

The State Submission collects a set of core data elements that provide a more comprehensive picture of a student, outside of basic demographic data. The State Submission is reported to the NJDOE twice a year in the Fall and at the End of the Year (EOY). LEAs are expected to be aware of and in compliance with their respective reporting responsibilities for the State Submission.

The State Submission Handbook and other resources are available on the Documents for Downloads section of the NJ SMART Resources & Trainings page to assist users.

UPDATES TO THE STATE SUBMISSION

For historical updates to the State Submission, please consult the Revision History of the State Submission Handbook.

KEY DATES

Please refer to the NJ SMART Timeline for important dates and deadlines for the State Submission.

TRAINING INFORMATION

For detailed information on the live webinar trainings and on demand eLearning videos offered by NJ SMART, please visit NJ SMART Resources & Trainings.
