3. Reply to the secure email with your inquiry

### Summary

US DOE has placed increasingly intensive requirements on collecting staff level data. Federal reports are under greater scrutiny than ever before.

- The Staff Submission in NJ SMART replaces other state collections capturing job types, credentials, and experience levels.
- LEAs must submit a Staff Submission record for every active staff member in SMID Management.
  - The collection will mirror elements that are already being collected and maintained by schools, districts, and the NJDOE.
- Staff Submission is only collected once per year based on the Fall SMID Snapshot data.

### NJ SMART Fall Submission Timeline

### How the SMID Snapshot works

#### Step 1:

We take a picture of how your records appear in SMID Management at the Snapshot deadline (10/15).

**Step 2:** This data is placed in your

SMID Snapshot Records

Pages in the portal.

Staff Submission

**Step 3:** These Snapshot Records are used for the official reporting of other data submissions.

Any questions on what we have reviewed thus far?

#### **Data Elements Overview**

It is **mandatory** for all districts to download the Staff Submission Data Handbook for review of definitions, additional notes, and common errors.

### Staff Submission Out-of-Sync

#### How do I remove staff members from Out-of-Sync?

- Out-of-Sync indicates that the staff member is active in SMID Management but has not yet been submitted to the Staff Submission.
- Upload the staff member's record to the Staff Submission.

### **SMID Snapshot Records**

#### A staff member's Last Name was captured inaccurately on the Snapshot. Can I change that?

- Practice Staff Submissions: compare against current SMID Management data in the All Staff Records page.
- Official Staff Submissions: compare against your Fall SMID Snapshot, <u>NOT</u> your current SMID Management data.
- To view the Fall Snapshot, please refer to the SMID Snapshot Records page in SMID Management the day after the Snapshot is taken. This page will provide a summary of all staff SMID Management data as it appeared on October 15<sup>th</sup> at 5PM.

# **Identifying Elements**

#### Why am I receiving a combination error?

- Local Staff Identifier (LSID)
- Staff Member Identifier (SMID)
- First Name
- Last Name
- Date of Birth

 These elements should already be established for the staff member in SMID Management

- These elements will cross validate with your SMID Snapshot Records page. When in error, check all five fields against your SMID Snapshot Records page to make sure they match.
- The Record has to be free of Error, Unresolved, and Sync status when validating.

### **Cross Validation**

When submitting staff members to Staff Submission, values for the following data elements must match exactly as they were submitted to SMID Management or an error will occur: Local Staff ID, Staff Member ID, First Name, Last Name, and Date of Birth.

	SMID Management		Staff Submission
SMID	11111111		1111111
LSID	123		123
Date of Birth	19720302	¥	19750302
First Name	Mark		Mark
Last Name	Smith		Smith

## **Submit Data Accurately**

What should I do in an event where a Last Name is submitted incorrectly in my SMID Snapshot? Should I submit the incorrect Last Name to Staff Submission?

No - do not falsify data just to have clean Submission!

#### **Contracted Personnel**

Do we need to submit the same data for contracted personnel that we submit for payroll employees?

- For the most part, collected fields are the same
- Fields that are not required for contracted services include:
  - Salary
  - Highest Education
  - Years of Prior Experience
- Mandatory fields are outlined in the Staff Submission Data Handbook

# Years of Prior Experience

#### How do I calculate Years of Prior Experience?

- This is determined at the local level.
- Take into consideration the quantity of accumulated credits/hours that are considered equivalent to a year of experience.

#### Helpful tips

- As of the October 15, 2014 Staff Submission, nonpublic school experience may be included in this field for <u>APSSD submitters only</u>.
  - All others should report public experience only.

# **Repeating Data Elements**

# How do I identify staff members that work in multiple assignments and/or locations?

- If a staff member fulfills another role or has assignments in multiple locations, additional data must be provided for that role or location.
- To accommodate the reporting of the multiple roles, the following elements are repeated 6 times in the file submitted to NJ SMART, followed by number 1 through 6:
  - CountyCodeAssigned
  - DistrictCodeAssigned
  - SchoolCodeAssigned
  - FullTimeEquivalency
  - JobCode

- JobCodeSubcategory
- AgeGroupTaught
- CredentialType
- TeacherPrep

### Job Code

#### What Job Code should I use?

- Values can be found in the Job Codes and Job Codes Subcategory List on the Help & Support tab.
- Please use your best judgment when assigning the code to each staff member. This list is compiled by the DOE.

	A B		C	D
1	Job Code 💌	Purchased Services Job Code**	v	Corresponding Job Code Subcategory 💌

# Age Group Taught

#### Is the Age Group Taught element applicable only to teachers?

• No, this element applies to all staff members serving special education students, including instructional and non-instructional paraprofessionals.

#### **Remove A Staff Member**

#### How do I remove a staff member from the Staff Submission?

# **Certify/Certify with Errors**

Certify	Certify with Errors
Enabled for districts that have uploaded and corrected all errors in the NJ SMART Portal.	Only enabled for districts that have uploaded a full file and the only remaining errors are Combination Errors. All errors related to data elements other than the 5 identifying elements must be resolved.

Certify and Certify with Errors **will not be enabled** even if there are records in the **Out-of-Sync** records page.

Out-of-Sync records are Active staff members in your SMID Management that were not yet uploaded to the Staff Submission.

Certify and Certify with Errors is only enabled during the Official Submission Period. You do not need to wait until the deadline date to Certify your data.
